

CANTERBURY SCHOOL

SAINTS PLEDGE

As a Canterbury Saint, I pledge to act responsibly in my role in the fight against COVID-19, especially with those who are more vulnerable both on our hilltop and off. I will do my part to limit the spread of COVID-19 by making my own health and safety a priority as well as that of other community members. I agree to abide by all protocols, expectations, and requirements related to COVID-19 implemented by Canterbury School and the State of Connecticut.

I pledge to:

- Have adhered closely to the Saints Pledge in the **14 days** prior to arriving on campus for the fall semester and have responded to the School's direction regarding PCR testing.

Once on campus:

- Wear an appropriate face covering in all shared community spaces, as directed.
- Complete and accurately report the results of personal daily wellness checks.
- Practice good personal hygiene consistent with public health protocols, such as frequent hand washing for twenty seconds, appropriately covering coughs and sneezes, using hand sanitizers before and after leaving campus buildings, and wiping down surfaces myself when arriving at, and upon leaving, a communal or community space.
- Abide by protocols established for hygiene in the use of School bathrooms.
- Follow directional signs on pathways and in buildings.
- Maintain a distance of six feet between me and any other person whenever feasible, with the understanding that I do not have to maintain six feet distance from my immediate family members, or, if a boarding student, my roommate within my own room.
- Respond cooperatively and respectfully to reminders, and provide gentle reminders to those who appear to need them.
- Remain at home (or in my dormitory room) and notify an appropriate adult if I experience COVID-19 symptoms.
- If and when I am off campus, I will avoid large gatherings and environments in which people are not observing recommended behaviors, such as wearing masks and practicing physical distancing.
- If possible, receive a seasonal influenza shot this fall.
- Follow protocols if I test positive for COVID-19 and am required to isolate or if I learn that I have come into close contact with someone who has tested positive for COVID-19 and am required to quarantine. I will notify the health center if I have been notified that I was exposed to someone who has tested positive.
- If asked, I will seek testing for COVID-19 as directed by the School.
- Participate in the contact tracing program as requested and share complete information with contact tracers about others who may be exposed.

I understand that my failure to adhere to the Saints Pledge may put others at considerable risk, and—if nothing else—place peers and School employees in the unwelcome position of policing my behavior. If I am unable to honor this pledge, I understand that I may have to forfeit the privilege of remaining on campus and, in order to promote health and safety, Canterbury may require me to complete the semester via remote learning.

I am excited to be a part of the Canterbury community and eager to play a role in keeping the community as healthy and safe as possible.
